AB 15-115 Local Option Tax Ordinance Models

ADJOURNMENT

Definition:

A Work Session is a Special Meeting of the Council that is generally held in a more informal manner or setting than a business meeting, and where the purposes may be, for example:

1. To study, deliberate or review one or more topics or emerging issues for potential action at a future date,
2. To vet the status of matters that are intended to be presented on the agenda of an ensuing business meeting unless exceptional circumstances apply,
3. To engage in public comment or dialog, or
4. To participate in presentations with City staff or other subject matter experts.

In general, final votes are not taken at a Work Session, but there are commonly procedural votes on the disposition of various matters.

SUMMARY STATEMENT:				
<p>In an effort to engage the community in a robust way, City Council held a series of three round-table style workshops called Community Conversations. The workshops, held on April 16, What is Fair; May 1, What Works?; and June 9, What Else?, were based on the state of our streets and how to pay for repairs and replacement. Each workshop included an educational presentation, followed by an interactive exercise in a round-table format. Each table was moderated by a City Council Member and a City staff person. The information collected at these workshops has been used to draft several Local Option Tax Ordinance Models. A handout will be provided at the work session.</p>				
RECOMMENDED ACTION:				
Review, discuss, and propose ordinance options to present to the community for feedback.
