

**Environmental Advisory Committee  
Minutes**  
May 19, 2015 – 6 p.m.  
McCall Library  
218 East Park Street, McCall, ID 83638

**COMMITTEE MEETING – Began at 6 p.m.**

• **CALL TO ORDER AND ROLL CALL**

Committee members present were Morgan Zedalis, Sean Gould, Leslie Dorsey, Deb Fereday, and Steve Goodall. Also present was City of McCall Recreation Supervisor Mark Pernell.

• **Minutes-** Approved for April 2015

• **Projects**

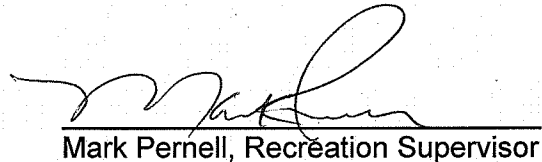

- Water Quality Summit- EAC members received 40+ copies of Snake River Water Quality segment from ICL to distribute during the Water Summit. So far 6 agencies have committed the summit. Advertising was discussed for the 3 weeks leading up to the event. A partnership with the Payette Children's Forest for the event to provide food is a possibility but not certain at this point.
- Green Checklist-Currently in review by City of McCall staff. The school district is inviting a guest speaker about rethinking curriculum and ECO literacy. EAC members discussed incorporating that into city staff as an educational tool for the city.
- Air Quality & Biomass Plant-current draft is in review by City of McCall staff. Members are still researching cost and feasibility of a biomass plant to help with air quality by reducing slash burning by the other agencies in and around the McCall area. Also discussed were how to coordinate burning between all the different agencies to help alleviate very poor air quality days due to multiple large-scale burns in the same day/days.
- Letter to IDL/P&Z- EAC members were informed of construction off of Warren Wagon Road that may be in violation code. Members are still inquiring with City of McCall Planning and Zoning department as well as Idaho Dept. of Lands to see if proper permits were acquired for the build.

• **OTHER**

- Open Discussion –High school representative Krystan Wellborn will be graduating and no longer in the area or in the EAC.

• **ADJOURNMENT** - at 7:05pm

  
Morgan Zedalis, EAC Chair

  
Mark Pernell, Recreation Supervisor
