On May 13<sup>th</sup> they will punch the greens on Aspen and Birch.

The Golf Course came out of winter in great shape. Eric contributes that to a vertidrain, a piece of equipment you attach to a tractor, and 20 tons of black sand applied in the fall. There were only two greens that didn't get the black sand, Cedar 2 and 3 and they put an extra layer of white sand.

They have mowed Aspen/Birch greens 3 times and Cedar twice

1 & 9 Aspen 1 & 9 Birch have not been mowed yet

Eric has 14 on his crew. 13 of them have worked with him in the past and of those, three were past Superintendents. Randy is back.
