

McCall Historic Preservation Commission

Meeting minutes August 31, 2010

Present: Brian Corcoran, Jennifer Theisen, Sandi Hammond, Carol Coyle

Brian called the meeting to order. A quorum was present.

Members discussed the 99th Birthday party and noted that while not a lot of local people attended, there were about 150 participants in total. It was a good opportunity to spread the word about next year's centennial.

National Alliance of Preservation Commission Forum: Members discussed their attendance to the NAPC forum and the various sessions of interest. It was a valuable experience and some good resource information was obtained.

Carol mentioned that one idea that came from the Forum was the possibility to submit a CLG grant to have a historic preservation plan developed for the City of McCall. Members indicated that they would be interested in pursuing a grant for that objective. Carol will submit the application.

Walking tour: Members discussed the various buildings to include, and reviewed again the aerial map of potential locations. It was decided that that September 21st meeting would be a trial run of the walking tour.

Brian updated the members on the articles on McCall's history in the Star News for the Centennial.
Brian let members know about his upcoming plans for the fall, and Sandi let members know that she will be moving to Oregon. She would like to stay involved with the Commission.

The next meeting will be September 21st at 1:30 pm.

September 21, 2010 Meeting minutes

Present: Bob Fairbrother, Sandi Hammond, Marlene Bailey, Carol Coyle

Members walked the proposed walking tour route. Information about various buildings was discussed. It was agreed that the tour length was appropriate and should be manageable.
