City of McCall Park Reservation Policies

The City of McCall offers park reservations on a first come first serve basis. Depending on the type of event or activity that is planned, the person requesting to reserve a park may need to come before City Council prior to having their reservation application approved. Event organizers who wish to serve alcohol need to contact City Hall for regulations. This brochure explains the terms and conditions for renting the city's parks and contains a reservation application.

Terms and Conditions

Small Events, such as weddings, reunions, family and company picnics:

These small events typically reserve a piece of park and do not deny public access to the rest of park. To reserve a piece of a park for a small event, first check with the clerk at the McCall City Hall front desk to see if the date and park requested is available. Next, the organizer needs to complete the Parks Reservation Application included with this brochure and return it to the front desk at McCall City Hall with the appropriate fees (**\$100.00 per day plus tax & \$50.00 damage/clean-up deposit**). Your application will be reviewed by the Parks and Recreation Director, signed and logged on the Park Reservation Calendar. After the event, the park will be inspected and you will receive your refund or a letter stating damages, and/or cleaning costs in the mail.

Large Events (i.e. concerts, carnivals, large weddings, and other fund raising gatherings) or Public/Non-Commercial gatherings for non-profit civic groups:

To reserve a piece of a park for a small event, first check with the clerk at the McCall City Hall front desk to see if the date and park requested is available. Next, the organizer needs to complete the Parks Reservation Application included with this brochure and return it to the front desk at McCall City Hall with the appropriate fees (**Fees for large-scale events are \$300 per day plus tax & a damage/clean up deposit of \$150**). Any organization intending to restrict event entry by requiring paid admission is responsible for providing and placing admission barriers. Included in this policy is a list of city parks available for these kinds of events and the crowd limits for each of those sites. *Organizers must attach a written event form to their reservation applications. No event will be considered until the required event plan is received.* Immediately upon receipt of the reservation application, the Parks and Recreation Director will review it to make sure it conforms to the provisions of this policy and will ask the applicant to correct any deficiencies. The event will then be logged on the Park Reservation Calendar.

Large-Scale events for the purpose of conducting commercial activity

All of the conditions in section two apply to applicants who seek to use a park for commercial activity. The fee structure is different, however. In these instances, city staff will negotiate a suitable fee with the applicant, which guarantees the parks system a reasonable percentage of the gross proceeds of the activity. Staff will attach the resulting fee to the event application.

EVENT PLAN (REQUIRED FOR ALL EVENTS IN ALL PARKS)

The event plan must describe the following:

1. **Nature of the event (i.e. profit, non-profit, etc.)** Concert organizers will detail a plan to keep the noise level within city code. Festival organizers will describe the number of booths, etc. Organizers can improve their chances of a quicker approval by making this description as detailed as possible and include comprehensible site plan.
2. **Number of people expected:** (1) a total for the whole event and (2) in the park at any given time.
3. **A written parking plan and alcohol plan (if applicable).**
4. **A trash, waste disposal and clean up plan which includes:**
 - **Number of portable toilets (if applicable)**
 - **Plan to prevent trash from being evident at any time**
 - **Plan to return the park to its original or better condition**
5. **Evidence of insurance (for large events).** Bonding may be required for particularly large events.
