

McCall Ladies Golf Association Launches Paver Project

The McCall Ladies Golf Association is selling engraved pavers just in time to be a unique Christmas gift! An outside area, known as the McCall Golf Club Plaza Project has been approved by the City of McCall. It is near the McCall golf course clubhouse and will serve as a public gathering space to enjoy the ambiance of the golf course. Engraved pavers will be a permanent focal point of the Plaza Project and can be purchased by anyone wanting to recognize their connection to the golf course or McCall. Donors can choose to engrave their names, a family name or anyone they choose to honor, This is also a great way to donate to our local golf course and memorialize a loved one or even your favorite dog who loves to walk the cart paths in the winter. A certificate of purchase will be issued that can be wrapped as a gift or easily inserted in a Christmas card or emailed to the recipient. Anticipated completion of the project is on or before spring, 2022. The donation for the engraved paver is \$101.75 and can be obtained by filling out the attached form and mailing with your check payable to McCall Men's Golf Association to the McCall Ladies Golf Association, P.O. Box 661, McCall, Idaho, Pa If you have questions you can inquire by email to mccallpaver@yahoo.com or call 208-473-8705.

PROJECT DESCRIPTION:

Location: Northeast of the McCall Golf Club clubhouse and adjacent to the golf cart trail next to the Birch 1 tee box. The approximate 1050 square foot location is surrounded by paved cart access leading to and returning from all three nine hole courses and the clubhouse.

Scope of work: The project will require the installation of approximately 3,500 permeable engravable pavers on level grade. The existing grade slopes downward to the north and east. The site will need to be excavated to a depth of approximately 30 inches to free draining soil and then filled with stone to level the site. The north and east sides will require a wall be constructed from pavers to bring the site level. A seat wall of pavers (18 inch high above paver patio) will be installed along the north and east side wall.

Purpose:

- a. The pavers will be available to the public for engraving. It is anticipated that people with a connection to the McCall golf course or McCall will purchase an engraving for themselves or others they want to honor. The golf course superintendent currently maintains memorials created on the course (trees, bushes, plaques, etc.) and this project would alleviate that maintenance work for future memorials.
- b. The sale of the engraved pavers will generate additional income for golf course improvements for many years.
- c. The site will have one or more movable benches and tables for golfers, the public and small gatherings to sit and enjoy the outdoor golf course atmosphere. Currently there is no location for this activity. The north and east seat wall will provide additional seating for golfers waiting to tee off on Birch 1, or whose tee times have been delayed.
- d. The project will be an attractive addition to the golf course. In addition to the movable bench and table, the site will have movable bushes and flowers, giving it a park like setting. During winter the benches, tables, bushes and flowers will be removed to provide a location for snow storage. The large rock at the location will remain.
- e. The site will also provide a space for the club restaurant to locate a temporary food and beverage cart during tournaments.

McCall Golf Club Plaza Paver Order Form

*Sponsored by McCall Ladies Golf Association
Project completion expected Spring 2022*

Please use one form per Paver

Name: _____
Address: _____
City, State, Zip: _____
