

MISSION STREET

SOUTH CITY LIMITS TO DEINHARD LANE

PROJECT LOCATION AND LIMITS:

- Located on Mission Street from South City Limits (just south of Smokejumper Base) to Deinhard Lane.
- The length of the project is approximately 0.6 miles.
- Generally, the road runs south-north between the North Fork Payette River and SH-55, west of the City of McCall Airport.

PROJECT FUNDING:

- This project is funded through Idaho Department of Transportation Reimbursable Agreement with Local Match as part of STP Rural Federal Aid Program administered by Local Highway Technical Assistance Council (LHTAC).
- Construction Costs for the project including Construction Engineering and Inspection Services is estimated at \$2,640,000.

PROJECT TEAM:

- **Local Sponsor:** City of McCall
- **Project Administrator:** Wayne Herbel, Local Highway Technical Assistance Council (LHTAC)
- **Design Consultant Project Manager:** Stephen Waldinger, Forsgren Associates, Inc.
- **Public Involvement Sub-Consultant:** Sarah Beardsley, Bionomics

PRIMARY CONSTRUCTION IMPROVEMENTS:

- Rehabilitate and repave Mission Street throughout length of project.
- Construct new 10' wide paved pathway from South City Limits to Jacob Street.
 - This will connect pathway that ends at Jacob Street to North Valley Rail Trail south of McCall.
- Construct 4' wide bicycle lanes from Jacob Street to Deinhard Lane.

STAKEHOLDER OUTREACH:

- Community members, stakeholders, and adjacent property owners are encouraged to comment on this project. The project team members are available to speak over the phone or answers e-mails.
- After preliminary design, a virtual public hearing will be held for a formal presentation of the project and to solicit input from the public. The virtual public hearing is tentatively scheduled for August 23 - September 12, 2021.
- Property owners fronting Mission Street have been contacted through letters and in-person meetings when requested to review impacts to vehicle access and approaches to Mission Street. If property owners fronting Mission Street still have questions regarding access, they should reach out to the project team.

CONSTRUCTION IMPACTS:

- Mission Street and business access along Mission Street will remain open throughout construction.
- Construction traffic to be closed in one direction. Flaggers and temporary signals are anticipated to control construction traffic.

ANTICIPATED SCHEDULE:

Preliminary Design
Summer 2020

Final Design
Summer 2022

Construction
Summer 2027

Stakeholder Outreach
Summer 2021

Delivery of Bid Documents
Fall 2022
